Pentalabel® SmartCycle®

Recycling Simplified

SmartCycle® heat shrink sleeve label films are completely recyclable in the RIC 1 recycle stream. When used in conjunction with washable inks, SmartCycle label film can be recycled right along with PET bottles or containers. Help contribute to the circular economy, one label at a time.

Benefits

Increased recycling productivity

Promotes greater recycling

Supports a circular economy

High shrink properties

360° decorating opportunity

Exceptional clarity

Applications

- Water bottles
- Sports drink bottles
- Shampoo bottles
- Beer & soda cans
