ShoreCycle™

Truly sustainable graphic or card film solutions should improve communities, protect the planet, and design-in ways to support a circular economy. ShoreCycle™ films contain more than 95% post-consumer recycled plastics from beaches in developing coastal communities.

Benefits

Greatly reduces first use raw materials

Encourages social responsibility

Helps protect ocean ecosystems

New source of income for at-risk communities

Supports a circular economy

Applications

- Hotel door danglers
- Posters & graphics
- ID & membership cards
- Gift cards
